RECOVER REFRIGERANT

At Thermo King we recognize the need to preserve the environment and limit the potential harm to the ozone layer that can result from allowing refrigerant to escape into the atmosphere.

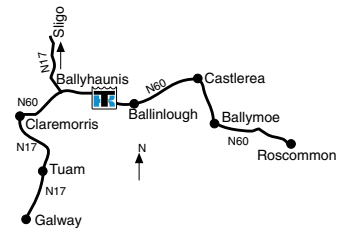

We strictly adhere to a policy that promotes the recovery and limits the loss of refrigerant into the atmosphere.

RECOVER REFRIGERANT

At Thermo King we recognize the need to preserve the environment and limit the potential harm to the ozone layer that can result from allowing refrigerant to escape into the atmosphere.

24 HOUR SERVICE - WARRANTY

24 HOUR SERVICE

This Directory contains a list of Thermo King Authorised Service Workshops in Europe, Middle East, Africa and India. These workshops are staffed by Factory Trained Mechanics to offer the operator of Thermo King Temperature Control Equipment rapid and skilled service should it be needed.

This service is available 24 hours a day, 7 days per week. To avail of the 24 Hour Service please call the telephone number marked "24 Hours" at the service location nearest to you. In cases where an answering machine is used please leave a message giving the following details:

- Your Name
- Type of Fault
- Telephone Number where you can be contacted
- How you will pay for the repair
- Type of Thermo King Unit.

Repairs carried out in the workshop are always more efficient and cost effective than those done on a call out basis. If you are mobile it is always preferable to go to the Dealer Workshop and have the work carried out there. Where this is not possible and the dealer must be called out, a call out charge as well as the appropriate overtime labour rate will be applied.

WARRANTY

Please refer to the Warranty Statement on the reverse side of your Warranty Registration Document supplied with your equipment. For a full copy of complete warranty conditions please see your local Thermo King Dealer. Please remember the following important points in relation to warranty:

THERMO ASSISTANCE

- 1) The Warranty Policy covers only equipment supplied by Thermo King.
- 2) The Warranty Policy covers the replacement of defective parts and the necessary labour to replace these parts during normal working hours.
- 3) Call out charges, travel time and mileage or overtime labour rates are not reimbursed under warranty.

THERMO ASSISTANCE

Thermo Assistance is a multi lingual communication tool designed to put you in direct contact with an authorised Service Dealer should you require one. To use this system you need the following information before you call.

- Contact phone number
- Probable Cause of Fault
- Type of Thermo King Unit
- Is the Unit under Warranty?
- Thermostat Setting
- How you will pay for the repair
- Present Load Temperature
